

Resources for Rural Schools

Organising National Agency Léargas – National Agency Ireland

Date 22. – 24.09.2021

Themes and goals:

This contact making seminar focuses on the issue of schools located in rural areas and who face rural isolation. The seminar will look at resources that support and engage teachers working in these areas and how to expand their school from their local area to a European dimension.

Expected results:

to provide the space for teachers to discuss the topic of rural isolation and to provide resources to tackle this issue. -Create new partnerships under S2S partnerships as well as Etwinning. - to help support teachers move their schools into a European dimension. -Provide examples of best practice in tackling rural isolation. - Create new projects in S2S partnerships and through Etwinning.

Additional information:
