Teacher Academy Project- Teaching Sustainability

“Schools go green and digital – and Erasmus+ supports teaching excellence!”
Bonn (Germany) 3-5 May 2023
Erasmus + Teacher Academies Overarching Goals:

1. Contribute to improving teacher education policies and practices
2. Enhance internationalisation in teacher education
3. Develop and assess teacher mobility models (virtual, physical & blended)
4. Build sustainable collaboration between teacher education providers
TAP-TS Consortium

Teacher Academy Project
TEACHING SUSTAINABILITY

TAP-TS is funded by the European Union under grant agreement No. 101056248 within the framework of the ERASMUS+ teacher training colleges
Vision

TAP-TS engages a diverse, international community of teachers, student teachers and teacher educators to develop their teaching sustainability competences through participation in professional learning communities, events and activities and in the co-creation, piloting and ongoing adaption of learning and teaching materials.
